OBJECTIVE

Product-focused **Designer** with hands-on experience designing web and mobile products, from user flows and wireframes to prototypes and polished UI. Currently designing **KYC and AML onboarding** experiences for a global identity-verification platform. Skilled in **Figma** and **Adobe XD**, with a frontend background that supports close collaboration with engineering.

EDUCATION

BS Computer Science –The National University of Modern Languages Lahore 3.74/4.0

SKILLS

Design Tools:	Figma, Adobe XD
Frontend:	React.js, Next.js, Redux, Tailwind CSS, Bootstrap, Material UI
UI/UX:	Wireframing, Prototyping, User Flows, Interaction Design, Responsive Design
Version Control:	Git, GitHub

EXPERIENCE

Associate Product Designer Feb 2026 – Present
Programmers Force — working with Shufti *Lahore, Pakistan*

- Design end-to-end **KYC and AML onboarding** flows for Shufti, a global identity-verification platform, balancing compliance requirements with a smooth, low-friction user experience.
- Map user journeys and translate them into wireframes, interactive prototypes and high-fidelity screens in Figma.
- Contribute to **product strategy** by identifying friction points, prioritising improvements and shaping design direction.
- Conduct a **UX audit** of the Shufti marketing site, reviewing structure, messaging and conversion paths, and redesign key pages based on the findings.
- Design responsive website pages with consistent visual language across desktop and mobile.
- Work closely with product and engineering teams to hand off designs and see them through to release.

UI/UX Designer Jun 2023 – Present
Freelance *Lahore*

- Designed user-centric interfaces for web and mobile applications.
- Created **wireframes**, **prototypes**, and **designs** using **Figma**.
- Provided ongoing client support and design iterations.

Frontend Developer Intern July 2023 – Sep 2023
Fabco Systems *Lahore*

- Collaborated on real-world projects using **HTML**, **CSS**, **JavaScript**, **and React js**.
- Gained hands-on experience in frontend development.
- Improved communication and teamwork skills within a professional environment.
- Collaborated with UI/UX teams to transform designs into responsive web apps.
